General Permission Slip

Due to the type of outreach, recreation, and work-study activities, it has become necessary to have a general permission slip. This permission slip gives the teacher authorization to take the student off campus for these various activities. This general permission slip's use is for all local outreach, recreation, and work-study activities. Examples of activities include visiting community and church member's homes for singing, sharing, praying and working, performing and visiting in nursing homes or hospitals, hiking, or even shopping for materials and supplies.

All activities which are not local, or that are of an unusual nature, or are not during regular school hours will involve a "special" permission form.

Thank you so much for your cooperation, support, and earnest prayer.

I give my permission for _____ to participate in those outreach, recreation, and work-study activities that may require students to be off campus as described above.
